

2011

To
The American Legion Post 1700

Desiree and I have gone through
So much in the past few months,
from my back Surgery in August to
the September Floods. Not only did
Your Post comfort us with your kind,
heart felt words, you also helped
us financially. You have always been
considered our extended family, and
now you've proven that by being there,
and helping us when we were down.
We have trouble finding the words
to express our gratitude but we
want to thank you from the bottom
of our hearts for all of your help.
Desiree and I are in the process of
buying a new home and we are
finally seeing the light at the end of
this long tunnel. Thank you so much
for your support, kindness, and love.

Thank you.

Your kindness
was appreciated
more than you know.

Leanne King + Desiree King
